

March 1st

Dear Harold,

As always, it was good talking with you. I ordered Howard's book yesterday but it will be 4-6 weeks before delivery. I don't think I mentioned it to you, but I am well into the process of writing the book I've for long desired to write. I think H.R.'s book will benefit certain chapters of mine.

Anyway here's the ladies' essentials as per your request.
